DETAILED ACTION

Papers Received

Receipt is acknowledged of the applicant's amendment, response, and petition for extension of time, all received on 12 February 2004.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 12 February 2003 is in compliance with the provisions of 37 CFR 1.97 and has been considered by the examiner.

Claim Rejections - 35 USC § 112

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

The rejection of Claim 34 under 35 U.S.C. 112, second paragraph, is hereby withdrawn in view of the amendment to that claim.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

The rejection of Claims 19-37 under 35 U.S.C. 103(a) as being unpatentable over Nishihara is maintained.

Response to Arguments

Applicant's arguments filed 12 February 2004 have been fully considered but they are not persuasive.

The applicant has relied upon an overly restrictive analysis of the prior art in the arguments that have been presented. It is the position of the examiner that one of ordinary skill in the art, giving both the prior art, in its entirety, and the claims in their present form their broadest reasonable interpretation, would find the claimed invention obvious in view of the prior art. See MPEP § 2111 and 2123.

Specifically, the artificial cartilage disclosed by Nishihara may be prepared using additional components, such as hyaluronic acid, known in the art as a polysaccharide (See Column 6, Lines 14-41; and Example 8). This disclosure, in the view of the examiner, reads on the applicant's claim limitation of an "aqueous mixture of a polysaccharide biopolymer". Here, the examiner interprets the word "mixture" in an open, broad sense such that it may contain components that are not polysaccharide biopolymers. The prior art rejections of record are maintained.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 1615

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
